

# Application-Specific **cooltexx** Product Recommendations

(For detailed information, please see product data sheets)

Particle size [µm]	100	90	80	70	60	50	40	30	20	10		
	Coarse (rough machining)			Fine (planing)				Ultra-Fine (fine planing)				
Type of Processing				Drilling Turning Milling				Grinding Honing Lapping				
Gravity belt filter	Polyester spunbond nonwovens 6430, 6534, 7230				Cellulose wetlaid nonwovens 2652, 2653, 2654							
Pressure belt filter	Polyester spunbond nonwovens 6450, 6470, 6550, 6570				Polyester spunbond nonwovens 7230, 7250, 7270, H7210				Polyester wetlaid nonwovens 2662, 2663, 2664, 2666, 2693			
				Polypropylene spunbond nonwovens 3440, 3450, 3470				Polyester needled nonwovens 9210, 9215				
	Polyester spunbond nonwovens 6450, 6470, 6550, 6570				Polyester spunbond nonwovens 7230, 7250, 7270, H7210							
Vacuum belt filter				Polyester wetlaid nonwovens 2666, 2693				Polypropylene spunbond nonwovens 3440, 3450, 3470				
								Polyester needled nonwovens 9210, 9215				

- Process Liquids:**
- Emulsions from mineral oil
  - Partial/full synthetic emulsions
  - Oil
